

# Katharina Schuldheisz

## Visual Designer

### Education

**Graphic Design - Bachelor of Fine Arts**

**University of West Florida**

**January 2018 - May 2021 | Pensacola, Florida**

Received technical training in current industry-standard applications. Developed an in-depth understanding of the concepts of art and design. Utilized research, analysis, sketching, concept development, and teamwork to strengthen my design process.

**Live and Performing Arts Management - Bachelor of Arts**

**Columbia College Chicago**

**January 2013 - May 2016**

Learned how to lead and manage creative organizations. Collaborated with classmates to manage and plan projects, events, performances, and exhibitions. Developed marketing strategies and raised funds for performances.

### Experience

**Graphic Designer | UWF Department of Art & Design (Internship)**

**May 2020 - May 2021 | Pensacola, Florida**

Work with the Pensacola Museum of Art and CFPA on the design and production of print and digital content for events in collaboration with the University of West Florida.

**Art Lab Monitor & TA | UWF Department of Art & Design**

**January 2020 - May 2020 | Pensacola, Florida**

Designed informational signage for computer lab. Assisted students with design based software applications. Monitored activities in the computer lab to ensure a safe environment.

**Box Office Agent / Artist Merchandise Sales | House of Blues**

**March 2014 - May 2016 | Chicago, Illinois**

Ticket sales and distributing accurate daily ticket counts to Artist Representatives. Collaborated with artists to maintain accurate inventory and sales of merchandise. Artist meet and greet liaison.

### Certificates

**Front End Development for Designers | Career Foundry**

**September 2024-Ongoing | Stuttgart, Germany**

Currently enrolled in the Front-End Development for Designers course, building foundational skills in HTML, CSS, and JavaScript. Engaging in hands-on projects to apply coding techniques and improve web design capabilities.

**UI Immersion | Career Foundry**

**January 2022 - September 2024 | Stuttgart, Germany**

Gained expertise in user interface principles and design tools like Figma. Developed user-centered designs through hands-on projects. Collaborated with peers to enhance problem-solving skills and create impactful visual solutions.
